TAZWART

*Tamaziyt, tella, ad tili,
ass-a, azekka,
i lebda,
i warraw n warraw-nney.*

Je connais Saïd Chemakh depuis plus d'une vingtaine d'années, depuis le temps où il étudiait à l'Université de Tizi-Ouzou. Pour moi, il fait partie de ces militants kabyles du mouvement culturel berbère, engagés sur la longue durée, alternativement et simultanément, sur tous les champs du combat berbère : militance de base dans le terrain universitaire et populaire, militance plus politique dans ou autour des appareils organiques qui ont pu, à un moment ou à un autre, représenter l'aspiration berbère de Kabylie, militance culturelle par sa participation à l'enseignement, à la création et à la diffusion, militance scientifique enfin et surtout, qui a amené Saïd à réaliser un travail titanesque, qui fera date, sur le vocabulaire fondamental du kabyle¹.

Volonté farouche, malgré les obstacles innombrables, les misères du quotidien, de contribuer à la consolidation de la culture berbère.

Engagement, énergie et ténacité.

Car les Kabyles sont habitués aux chemins qui montent. Dans la montagne sous la chaleur écrasante, dans la montagne par le froid et la pluie. Par les chemins tortueux et poussiéreux. Vie et survie d'un peuple à travers les méandres de l'histoire, les guet-apens de ses ennemis innombrables, toujours recommencés, guets-apens de ses propres fils. Trahison, renonciation, abandon. Et pourtant ils existent ! Et ils continueront à exister grâce au dévouement d'hommes comme Saïd.

1- Je fais bien sûr référence à sa thèse de doctorat : « Lexicologie berbère. L'élaboration du vocabulaire fondamental du kabyle », soutenue le 12 mai 2003 à l'Inatco.

Comment peut-on être Berbère, comment peut être Kabyle ? Un vrai mystère. Pour certains une absurdité. Car tous les donnaient depuis longtemps pour morts, à tout le moins moribonds. Et pourtant, ils ont résisté à Carthage, ils ont résisté à Rome, ils ont survécus à l'Arabe et à l'Islam, ils ont tenu tête aux Français, ces gueux en burnous, au parler barbare « qui ne s'écrit pas », « qui n'a pas de grammaire » ! Des hommes comme Saïd ont fait le pari fou de les lui donner, sa « grammaire », son « écriture » et ses « lettres » ; de ne pas accepter que seuls le français ou l'arabe, et bientôt l'anglais pour certains, aient le droit d'exister, aient le monopole d'exprimer la pensée et les aspirations de « l'homme moderne ».

Depuis plus d'un siècle, ils sont toujours plus nombreux ces Kabyles qui, après la grande défaite apparente, ont découvert le vaste monde et ses armes nouvelles, se les sont appropriées et continuent le combat, pacifique désormais, mais non moins décisif.

Instituteurs de la République, comme Boulifa, qui ont relevé la tête et porté à leur peuple son histoire, sa langue, sa poésie et son histoire ; écrivains de talents, grands parmi les grands, Jean, Taos, Mouloud et Mouloud et tant d'autres, qui ont porté au plus loin le message de leur peuple et l'on fait reconnaître dans le concert du monde ; précurseurs de l'écrit comme Belaïd qui a fixé pour toujours la parole vraie ; chanteurs des bars sordides et des banlieues misérables, qui ont maintenu le lien et tissé l'avenir ; poètes et chanteurs qui ont dit la parole au risque de la prison et de la mort ; poètes de haut vol qui culminent au Zénith ; militants anonymes de l'écrit et de la langue...

Saïd, comme bien d'autres, est de ces Gaulois du village d'Astérix, têtus, teigneux et un peu fous qui résistent en apportant chaque jour une nouvelle pierre à l'édifice, édifice encore fragile mais porté par la volonté d'être ! Et par touches successives, depuis plus d'un siècle, se constitue la nouvelle culture kabyle, une culture vivante, une culture ouverte et renouvelée, mais toujours fidèles aux racines.

Ce recueil de nouvelles de Saïd est une de ces pierres fondatrices et continuatrices, d'autant plus précieuse qu'elle est d'un genre nouveau

dans l'espace kabyle espèce encore rare !

L'œuvre de Saïd Chemakh participe de l'appel à la liberté et à l'existence porté par les créateurs kabyles depuis un siècle ; elle participe de cette volonté d'explorer des espaces et des formes nouvelles, d'inscrire la Kabylie et son message dans le concert du Monde. Liberté des hommes et des femmes, de la langue et de la culture.

Le peuple kabyle existe car on peut rencontrer sa culture : mémoire et ouverture, labeur et poésie, parole résistante et écriture de l'avenir. Non seulement la culture kabyle a survécu, mais elle se développe, grâce à des hommes comme Saïd Chemakh ; et il est maintenant sûr qu'elle vivra.

Les chemins de Kabylie montent et sont tortueux ; mais les hommes et les femmes qui les gravissent sont résistants et têtus : ils porteront la charge jusqu'au but et transmettront à leurs enfants une langue et une culture vivantes, pleine de promesses.

GER ZIK D TURA

Ammud tullsin d yeḍrisen nniden,
S Tmaziyt n Tmurt n Leqbayel.

Ger Zik d tura peut-être traduit par *D'Antan et d'aujourd'hui*. C'est un recueil de neuf nouvelles et cinq autres textes. La première version de ce recueil a déjà été sélectionnée au **Prix Mouloud Mammeri** en 1993 et l'auteur a reçu un prix d'encouragement.

Que fera Taninna face aux comportements de son ami ? Que fera Awejhan après la mort de son fils ? Que fera le vieux face à la détermination de ses enfants et ce le jour de fête ? Que fera Mezyan de la proposition 'contrat' que lui fait l'inconnu ? Qui est donc cet individu qui débarque un soir d'hiver au village ? Qui est ce visiteur qui vient voir la femme de Rezqi ? Qu'est-ce qui a poussé Meqran à quitter la Kabylie pour la France ? Pourquoi Yidir est le seul jeune à rester vivre au village ? Qu'est-il arrivé à Mennad en octobre 1988 ?

Autant de questions auxquelles l'auteur tente de répondre dans ces nouvelles écrites en berbère de Kabylie.

Pour le préfacer Salem CHAKER, " *Ce recueil de nouvelles de Saïd est une de ces pierres fondatrices et continuatrices, d'autant plus précieuse qu'elle est d'un genre nouveau dans l'espace kabyle espèce encore rare !*

L'œuvre de Saïd Chemakh participe de l'appel à la liberté et à l'existence porté par les créateurs kabyles depuis un siècle ; elle participe de cette volonté d'explorer des espaces et des formes nouvelles, d'inscrire la Kabylie et son message dans le concert du Monde. Liberté des hommes et des femmes, de la langue et de la culture."

Saïd CHEMAKH est né en 1968 à Ait-Bougherdan, actuellement Assi-Youcef (Boghni) en Kabylie. Après des années de militantisme politique et culturel pour la défense et la promotion de tamazight notamment au sein du MCB. Il a poursuivi ses études en France où il soutient une thèse de doctorat en linguistique berbère portant sur le vocabulaire fondamental du kabyle. Il est, actuellement, enseignant au Département de Langue et

Culture Amazighes (Université M. Mammeri de Tizi-Ouzou).

Il a, par ailleurs, publié plusieurs articles et textes de tous genres dans divers journaux, revues et sites internet.
